

Ohio E/Check
Vehicle Emissions Testing Program

State of Ohio Vehicle Inspection Report

Thank you for doing your part to help clean Ohio's air. Your vehicle emissions test results are shown below. If your vehicle passed, please tear off the bottom portion and submit it with your registration documents. Failed vehicles are required to be repaired (see information on repairs), retested or receive a repair waiver. Please save this report with your registration. It may be transferred to a new owner if you sell the vehicle within the expiration date.

Additional Service Recommendations

In the process of inspecting your vehicle for safety and reliability, your technician **Ian V** made the following observations and recommends that you do the necessary repairs to resolve these issues.

■ Red: requires immediate attention.

■ Yellow: in need of attention soon.

Oil Pressure Sending Unit Replacement: RECOMMEND STARTING WITH REPLACING OIL PRESSURE SENDING UNIT FOR OIL PRESSURE GAUGE CONCERN. VERIFIED CONCERN OF IT BEING LAZYZING AND PEGGING ALL THE WAY TO 5 BAR FROM TIME TO TIME. THIS IS A STARTING POINT BUT SENDING UNITS ARE KNOWN TO FAIL.

Item Description

When engine oil pressure drops below 3 to 6 pounds per square inch (psi), the engine oil pressure switch illuminates a light on the dashboard to tell the driver that the oil pressure in the engine is below that needed to prevent serious internal engine damage.

Reason

If not replaced, this important information will not be communicated to the driver and serious internal engine damage will occur.

Oil Pressure Switch

***Brake Fluid Exchange: RECOMMEND PERFORMING BRAKE FLUSH DUE BY TIME/NO HISTORY OF IT EVER BEING DONE.**

Item Description

During the operation of a vehicle, the brake fluid's boiling point is continually reduced through the

absorption of atmospheric moisture. The moisture content can lead to the formation of vapor under hard braking conditions, reducing the system's efficiency. Flushing the old contaminated fluid out of the system and replacing it with new clean fluid.

Reason

If not maintained, the contaminated fluid will deteriorate the brake system resulting in unsafe brakes.

Brake Flush

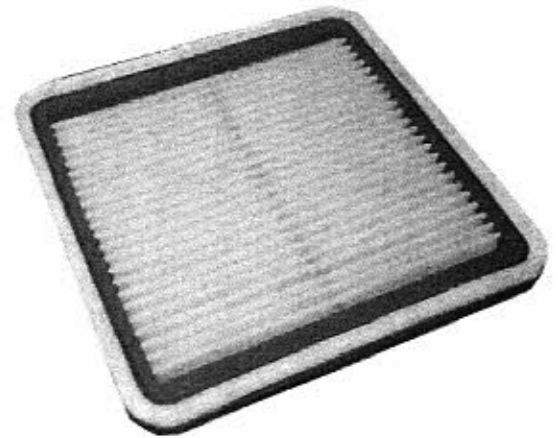

Engine Air Filter Replacement: RECOMMEND REPLACING ENGINE AIR FILTER. NO HISTORY OF IT EVER BEING DONE.

Item Description

The air filter prevents dirt and debris from entering the engine, which could otherwise cause premature engine wear.

Reason

If not replaced, poor gas mileage and premature engine wear will result.

Air Filter

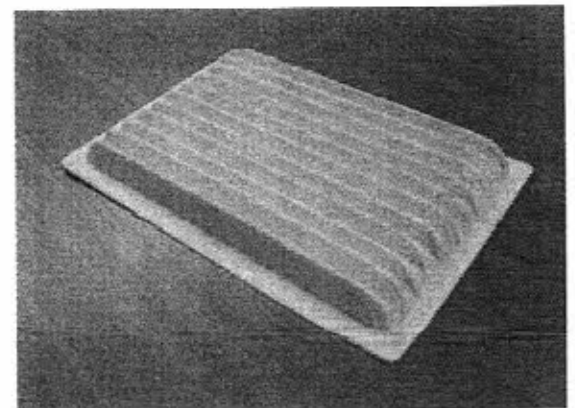

Cabin Air Filter Replacement: RECOMMEND REPLACING CABIN FILTER. NO HISTORY OF IT EVER BEING DONE.

Item Description

Prevents dirt, pollen, and other debris from entering the passenger compartment through the climate control system.

Reason

If not replaced, the air conditioning system will develop an odd odor. The air conditioning filter, also known as the cabin filter, removes dust and pollen from entering the car cabin.

Cabin Air Filter

***Battery Replacement: RECOMMEND REPLACING BATTERY. TESTING @ 70% OF ORIGINAL CAPACITY. POSSIBLE BAD CELL.**

Item Description

Reason

Spark Plug Replacement 6 Cylinder: RECOMMEND REPLACING ALL SIX SPARK PLUGS + COILS WHILE WE ARE IN THERE AS ITS NOT WORTH CHANCING IT AND HAVING TO GO BACK IN.

Item Description

The standard spark plug is a spark plug with a center electrode that is made of a material that is not a precious metal. Usually the standard spark plugs are made with copper or nickel center electrodes.

Reason

If you standard spark plug is broken or faulty then your vehicle will have a misfire. The misfire will result in less fuel economy and a loss of power.

CUSTOMER PAY SHOP CHARGE FOR REPAIR ORDER	29.91
---	-------

SHOP CHARGES - A minimal charge is computed to cover cost and profits to the dealer for supplies used in the service and repair process in our shop. These supplies can be, but are not limited to, cleaners, solvents, hardware and lubricants. A charge is also computed to cover cost and profits for the proper collection, storage and disposal of waste fluids from your car in compliance with environmental regulation. The charges are computed at a rate of 10% of total sales up to a maximum charge of \$50.00.

LIMITED WARRANTY: The only warranties applying to the part(s) installed in accordance with the estimates are those that may be offered by the manufacturer. The seller hereby expressly disclaims all warranties either expressed or implied, including any implied warranty of merchantability or fitness for a particular purpose, and neither assumes nor authorizes any other person to assume for it any liability in connection with the sale of products or service sold under the terms of this estimate. Parts and labor are guaranteed for 12 months or 12,000 miles whichever comes first.

CUSTOMER HEREBY ACKNOWLEDGES RECEIPT OF ABOVE MENTIONED VEHICLE AND RECEIPT OF INVOICE HEREOF.
